

# **Faculty Research Grant Final Report**

Principal Investigator:

Title:

Semester/Year Awarded:

## **Summary**

*Provide an overview of the project that outlines the goals and importance of the completed project.*

## **Objectives/Methods**

*State the general purpose and major objectives of the project, along with a description of the process/methods used to accomplish the objective(s).*

## **Contribution(s) to the Field**

*Describe how this project contributed to your own personal research and to your field of study.*

## **Dissemination**

*Demonstrate how you disseminated or publicized your results (specify venues for exhibition opportunities, journals selected to submit article(s) for publication, submission to external funding opportunities, etc.)*

## **Budget**

*Detail the amount of funding awarded and spent. If applicable, provide a justification for any variation from the initial proposed budget.*

## **Outcomes of FRG funds**

*Include information specific to the outcomes of the seed funding: the resulting dissemination, submissions for external funding, etc.*
